

Town of Birch Hills

SEWER CLEANING
PRIVATE PLUGGED CONNECTIONS

1. Upon receiving a call from a homeowner advising their sewer is backing up, the Town shall check the sanitary sewer main to assure that it is clear. If the main is plugged, the Town shall clean same.
2. If the sewer main is clear, the Town shall attempt to clean the private connection with the Town's sewer tape.
3. If the Town or the homeowner is unable to clean the private sewer connection, the Town shall call a plumber and the Town shall be invoiced for their services.
4. The Town is required to be in attendance during the sewer cleaning in order to determine if the blockage is the responsibility of the Town or the homeowner.
5. The Town shall require the attached Schedule A to be completed and signed by both the Town of Birch Hills and the Homeowner.
6. If the blockage falls upon the responsibility of the homeowner, the Town shall require reimbursement of costs incurred from the plumber within 60 days of the date of the invoice.

POLICY EFFECTIVE APRIL 24, 2012
