Council Concludes Review of the Code of Ethics Complaints Against Mayor Adams

At its regular meeting held on October 8, 2025, Town Council concluded its review of the complaints filed against Mayor Adams. Following discussion and a formal vote, Council determined that the complaints were unsubstantiated.

The investigation report has been released to the public to ensure full transparency. Once the investigation was completed, the findings were presented and discussed in detail by Council.

Regarding the first matter—Mayor Adams' attendance at the November 8, 2024 committee meeting—Council determined that the decision to postpone the matter to the new Council was made in good faith.

On the second matter concerning a bylaw reading, Council noted that the investigator did not consider that the rezoning of the land now available to VDQ had been underway since June 26, 2024. The minor wording change identified in the bylaw does not constitute a conflict of interest.

As a result of these findings, no further action will be taken regarding the previous Code of Ethics complaint.
